A Denio Fire Alarm box on the
premises saves much time.

A Denio fire alarm box on the
premises is more accessible than the
street box, as frequently much time is
lost in notifying the department
through a lack of knowledge of the
latter's location. We have, by inquiry,
proved that not one person out of five,
when asked the question, knows the
location of their nearest street box.

Also in many cities and towns the
boxes are locked and it is necessary
to find the key.

At one time the telephone was con-
sidered a luxury, but today it is indis-
pensable. Eventually the individual
Denio fire alarm box will be so re-
garded, as its installation will with
certainty reduce fire losses, as has
been proven by the use of our system
in many instances.—advertisement.

SHARK OIL IS USED.

It is a known fact that some cod
liver oil from the warmer fishing
banks is adulterated with oil from the
shark and haddock, and sold in many
places for medicinal purposes. Unfor-
tunately this fact is not known by
small producers who procure it in good
faith from a jobber who in turn pur-
chased it from a dealer, etc., etc., with
the ultimate result that the consumer
is the real sufferer.

There is one way, however, to be
absolutely sure that this popular medi-
cinal oil is of superior unadulterated
quality and that is by following physi-
cians' example and insisting on the
pure, genuine Scott's Emulsion, the
makers of which import their oil di-
rect from the northern coast of Nor-
way in sealed metal containers, and
the oil is then tested to insure its
purity.

**DR. COOK IS
COMING SOON**

Dr. Fredrick A. Cook, of North Pole
fame and notoriety, is certainly com-
ing to Hawaii. Announcements from
the explorer have reached here stat-
ing that he will appear at the opera
house on the evenings of March 8 and
10. His press-agent sends the follow-
ing:

"Dr. Cook has given twenty years—
the best part of his life,—without pay,
to the mission of exploring a part of
the world's unknown,—all for the ben-
efit of future man. As a reward he
asks only for a fair hearing and a fair
understanding on a question
which concerns his honor and that of
his country. Those who by distorted
press reports have judged premature-
ly are asked to note that Dr. Cook's
attainment of the Pole is now endor-
sed by the explorers of all the world."

If a man is old and ugly and
wise is young and beautiful, it may be
a sign that he has more dollars than
a sign.

The total number of cases of tuber-
culosis discovered in the territory and
recorded by the bureau of the Anti-
Tuberculosis Society since that bureau
began its work, late in 1910, is 1,682,
while the number of deaths reported in
the same period is 453. Of the lat-
ter 229 cases had been reported to
the bureau before death occurred; the
remainder were cases undiscovered
by the health authorities until the vic-
tim's death made the fact patent.

In recent weeks the number of tuber-
culosis cases reported has reached a
greater weekly and monthly average
than before, but this is due not to an
increasing number of patients, but to
better work by the tuberculosis de-
partment of the public health board.

MORE CAPITAL FOR TELEPHONE

At a special meeting, after the an-
nual meeting, the Mutual Telephone
Company decided to increase its cap-
ital stock from \$400,000 to \$750,000.
The additional \$350,000 stock will be
placed in the treasury to be used at
the discretion of the directors, chiefly
for improvements in Honolulu.

In the neighborhood of \$100,000 will
be required this year for extension
of the system and new phones in the
city. Although the rest of the ad-
ditional capital may not be required
for some years, it was deemed best
to provide for future needs, so that the
company would not have the trouble
of increasing the capital stock from
year to year.

At present there are 4300 phones
in use, and the number will probably
be increased to more than five thou-
sand this year.

BUSINESS ITEMS

There was heavy selling with prices
tumbling on the New York stock ex-
change yesterday. Banks reduced
their loans and call money opened at
four and one-half per cent compared
with three per cent on Monday.

The decision of the eastern railroad fire-
men to strike, the disorders in Mexico
and a further slump in the foreign
copper market were other bearish in-
fluences. Call loans eased up late in
the day to 3 1/2 per cent but with
little effect on stocks. New points of
weakness cropped out and New York
Central sold at the lowest since 1911.
